PARTNERSHIP PROPOSAL · MHLANGA ESTATE

One estate.
One brand.
One view of the business.

Branding, marketing, automation and an operations command centre for the farm, hotel, restaurant, conference centre and golf club.

WHY NOW

Pre-launch is the cheapest moment to get it right

Farm — Operating
Feeds the kitchen and the story.

Hotel — Private hires
46 rooms, not yet open to the public.

Restaurant — Private hires
Serving hires and conference guests.

Conference centre — Operating
Main revenue today, mostly by referral.

Golf club — In build
Can sell memberships before it opens.

No legacy brand to unwind, no old systems to migrate, and a manager about to be appointed. What we set up now becomes how the estate runs.

WHAT WE DO

Five services, one partner

1 · Brand

One recognisable destination

2 · Digital presence

Guests find, trust and book directly

3 · Marketing and sales

Launch campaign, corporate sales kit, social, golf founding memberships

Demand you control, not only referrals

4 · Automation

Enquiry to quote to invoice, guest messaging, review requests, staff checklists

Faster replies, fewer lost leads

5 · Command Centre

One dashboard across all five units, alerts, weekly owner report

The whole estate in your pocket

ESTATE COMMAND CENTRE

Your whole estate on one screen, every morning

Owner
Yesterday’s results, cash position and alerts on your phone by 07:00.

General manager
Targets against actuals for every unit, tasks and approvals.

Heads of department
Only their unit, filled in from a phone, even offline.

Alerts go to WhatsApp when something drifts off target: an unanswered enquiry, low stock, a cash variance.
